The Weapons Specialist is a literal martial artist. A master of unarmed combat, she is equally skilled at building and repairing weapons and armor of all types. If

it deals damage or prevents you from getting hurt, she can fix it, improve it, or make you a new one. She's up on all the latest developments in the weapons industry, and odds are she knows somebody who can get hold of that hot new toy that's not quite on the market yet. She's a veritable walking arsenal, bristling with guns, knives, and a few more exotic things squirreled away in her many pockets, but even if somebody manages to catch her unarmed, she's a wiz at improvising weapons from whatever happens to be around her—including her opponents.
